FROM THE OFFICIATING CHIEF COMMISSIONER, AJMERE MERWARA
TO THE COMMISSIONER, AJMERE-MERWARA

With reference to your letter No 4004 of 22nd December 1875, on the subject of the Establishment of Pounds in the Cantonment of Local Corps I have the honor to sanction the introduction in the Ajmere District of the procedure prevailing in the Punjab under Home Department Notification No 3734 of 12th October 1875

HOME DEPARTMENT NOTIFICATION

No 3734—The 12th October 1875

With reference to the Order of the Government of India Home Department, No 55 3443, dated 21st August 1868 published in the Punjab Gazette of the 3rd September 1868 it is hereby notified that the Income from Cattle Pounds established by lawful authority in Military Cantonments in the Punjab shall be an asset of the Cantonment Fund and that all expenditure on them shall be charged to that Fund, the Pounds being kept under the management of the Cantonment Magistrate subject to the control of the Magistrate of the District as required in Act I of 1871

2 This arrangement will have effect from the beginning of 1866-67 except in cases where it is already in force

Translation of a Robkar issued from the Office of Colonel Charles George Dixon Commissioner of Ajmere dated 13th December 1854

It appears that formerly during the time of Southern rulers (Maharattas) certain cesses such as *Fouj Kharch* (Army expenses) leviable from *Istimardars* and *Jagirdars* and *Bhum Bab* and *Bhum Dastur* leviable

[Miscellaneous Cesses.

from the Bhumias of Jagir and *Khal* a villages as well as *Patel Bab* leviable from the Patels of the said villages were collected in addition to the land revenue recovered from the Khalsa villages and the fixed amounts paid by the Istimrardars. Accordingly these cesses continued to be collected along with the land revenue by the British Government to the end of the year 1842. Colonel John Sutherland late Commissioner of the District, however found that those who paid the above cesses to Government levied in their turn numerous other cesses from their ryots who felt their pressure heavily. He therefore submitted a report to the Governor General of India recommending the abolition of the above cesses which amounted to Rs 68842. After three years correspondence between Colonel Sutherland myself as Superintendent of Ajmere the Government of Agra and the Government of India an order of remission was received under letter No 66, dated 14th November 1842 from Mr Maldoock, Secretary to the Government of India to the address of Mr Hamilton, Secretary to the Government of Agra. None of the above cesses has accordingly been collected by Government from the Istimrardars the Bhumias or the Jagirdars for the last twelve years. At the time when the remission was sanctioned it was ordered throughout the Ajmere District that thenceforth no Istimrardar Bhumia Jagirdar or Patel was to levy from any of his ryots any of the fees or perquisites referred to above. Recently several disputes between the Bhumias of the Jagir and Khalsa villages and their ryots have come up and files have been prepared. It appears that, in spite of the abolition of the *Bhum Bab* and *Bhum Dastur* under orders of Government several of the Bhumias have not given up the collection of these dues eg *Chowari Kansi Muklata, Notu, Halsara, Gao Shumari Kholri* skins of unclaimed corpses of animals *Parao* and *Nazrana* on *Holi, Dasehra* festivals &c, as detailed below, which they have long been collecting. Owing to the perseverent demands of the Bhumias the ryots of several villages are in severe distress and trouble.

Accordingly I sent a letter to Mr William Muir Secretary to the Government of Agra for the information of the Lieutenant Governor, to the effect that notwithstanding the fact of remission of *Bhum Bab* and *Bhum Dastur* several of the Bhumias still demand the dues and are unwilling to give them up in the Khalsa or Jagir villages wheresoever they do exist that it is very necessary that the realization of the dues in question should be stopped by order of Government and that all the fees be discontinued with the exception of the *Chowd ulari* and *Parao* fees and that the tenants be permitted to give *Chowari* and *Kansa* to the Bhumias at their pleasure, that similarly, the Patel

fees having been remitted the dues received by the Patels should be stopped and that in this case too the payment of *Kansa* and *Chownri* to the Patel should be left optional, and that the collection of *Parao* and *Chowkidari* fees should in every village continue for the protection and security of goods, cattle, &c, and that the continuance of *Parao* is necessary and expedient. The letter sent by me was placed before His Honor the Lieutenant-Governor, who sanctioned and approved of my proposals in letter No 4592, dated 24th November 1854, from Mr Muir, Secretary to the Government North-Western Provinces to my address which purports to say that the Lieutenant Governor entirely concurs with my opinion, and grants permission for the carrying out of the proposals with regard to *Bhum* and *Patel* dues made in my letter, and that the Government having the well being of the people at heart requires that none of the ryots should be oppressed with any such fees or dues and with this object in view, has generously and liberally remitted during one year thousands of rupees. A prolonged correspondence was held for three years between the Government officers, with a view that all the British subjects may enjoy peace and prosperity. The collection of dues from tenants was ordered at the time of the remission. The demand by the Bhumias of the fees and dues remitted by Government was altogether improper. As it appeared that certain Bhumias were not at all inclined to give up the items of dues a report was submitted to the Government. Orders have now been received from the Lieutenant Governor approving my report, and as it is expedient that those orders should be complied with by every body, it is hereby ordered that *Parwanas* should be addressed to the *Thanedars* and *Tehsildars* for the information of the public on the authority of this *Robkar* to the effect that the *Thanedars* should explain and inform the people that the dues formerly levied and now remitted by Government, cannot now be collected by anybody. In regard to the *Jagir* and *Khalsa* villages the ryots are given the option of giving the *Chownri* and *Kansa* to the Bhumias and Patels. Hindi orders should also be written to the Patels and Bhumias saying that in case they again collect the dues remitted by Government they will be liable to punishment. *Parao* and *Chowkidari* fees may, however, be collected as heretofore. The *Chownri* and *Kansa* fees may be paid at the option of the tenants at the time of marriage. One copy of this *Robkar* should be sent to the Assistant Commissioner, and one to each of the *Saddar* Amins.

List of dues received by Bhumias which after an inquiry by the *Thanedars* and verified by the Bhumias and Patels was submitted with the report

[Miscellaneous Cesses

All the dues except *Parao* and *Chowkulari* dues and *Chounri* and *Kansa* due to Bhumias and Patels which rest at the option of the ryots have been stopped. Some of the dues are collected in one village while others in another.

RESOLUTION

From time to time petitions or appeals, against the orders of local officers, removing or dismissing Government servants reach the Government of India. Such appeals ordinarily are forwarded through, or are reported upon by the Local Governments. And the Governor General in Council is glad to say that he very rarely indeed sees ground for thinking such removals hasty or unjust. The general rule of the service is that the authority who can appoint to a particular office has power to dismiss or remove from that office, and an appeal lies from an order of dismissal to the official superior of the officer who passes such order. Since the date of the order passed by the Court of Directors in 1851 no general instructions on the subject of dismissing public servants have been circulated by the Government of India. Local Governments have from time to time issued such orders, and copy of a recent circular of the N - W P Government on the subject is appended to this Resolution. His Excellency the Governor-General in Council believes that the forbearance and consideration enjoined by the Honorable Court are usually exercised by public officers of all grades and departments, but at the same time he deems it advisable to republish those instructions with the following remarks —

1 In order that a dismissed servant of Government may be able to exercise his right of appeal, it is obviously necessary that the charge against him, his defence, and the order thereon, should be reduced to writing. And this course, so far as the Governor-General in Council is aware, is usually taken. In the case of public servants who are dismissed in consequence of facts or inferences elicited at judicial trial, or in the case of persons who abscond with an accusation over their heads, this procedure may be unnecessary or impossible. But in all other cases of the dismissal of public servants the charge against a public servant should be reduced to writing, his defence should be either taken in or reduced to writing, and the decision on such defence should also be in writing. dismissal may not be able to make the enquiry himself, and the proceeding leading to dismissal would be conducted by the superior officer on the spot. The record of such charge, defence and decision would then furnish sufficient information for, and should be submitted to the superior officer or the Government to whom the dismissed servant may prefer an appeal.

2 In regard to the rules of conduct which should guide the relations of superior officers with their subordinates, the Governor General in Council fully concurs in the views expressed by the late Court of Directors in paragraphs 4 to 9 of their despatch No 42 of 1851 copies of which are appended to this Resolution.

From C Robertson Esq, Officiating Secretary to Government of North-West Provinces and Oudh, to all Heads of Departments, Commissioners, and District Officers in the North-West Provinces and Oudh No 114, dated 13th April 1877.

It has frequently been noticed by the Government in petitions from persons who have been degraded or deprived of their situations in the public service, that the petitioners have not had an opportunity of explaining their conduct, and of making their defence before being reduced or dismissed from their appointments. The Lieutenant Governor and Chief Commissioner accordingly directs that in all cases of punishments and especially in all cases of dismissal the person concerned shall always be given a hearing before the final order is passed, and a formal proceeding embodying the same be taken and the reasons of dismissal shall invariably be recorded.

Extract paragraphs 4 to 9 of a Despatch from the Honorable Court of Directors No 42 dated 16th August 1851

PARA 4 In the letter from the Secretary to the Sadler Board of Revenue North West Provinces conveying the opinions of the members of that Board we notice the following passages —

It scarcely needs to be stated that Native Officers are frequently dismissed from their situations not for proved delinquency or any tangible matter or substantial charge but in accordance with the opinions of their immediate superiors taken up against them in times of stress.

[Miscellaneous Dismissal of Public Servants]

A large portion of the public servants are under the absolute control of one officer who has the absolute power of dismissal and men are consequently often dismissed by caprice and also as a punishment.

An officer often too dismisses a man merely as a punishment with the intention frequently carried out of re appointing him.

Further the native servants of Government are treated with a degree of hardship which stands in remarkable contrast to the conduct adopted towards Europeans or Officers of mixed parentage.

To such an extent does this severity prevail that all prudent natives resign when they perceive that their superiors do not regard them with favor. This state of things has the worst effect on our native Officers. It induces them to make hay while the sun shines and to add to the severity now used, by pronouncing every man dismissed incapable of serving Government would only add to the evil.

Once again the junior member of the Board takes this opportunity to put on record his deliberate opinion that less caprice less severity less indignity in the treatment of native servants of Government is necessary if Government would be well served by them.

PARA 5 We confess we have perused these statements with pain and deep regret. If the treatment of native officials by their covenanted superiors be indeed generally of the harsh character here alleged it is most discreditable to those members of our Civil Service who have practised it.

PARA 6 But the rule we instructed you to introduce in place of aggravating the evil as is alleged will in reality ameliorate the position of the unconveniented servants. We would establish it as a principle that when persons are appointed to permanent situations in any Department they should not be dismissed upon light grounds. Fraud and dishonesty continued and wilful negligence and all offences involving moral disgrace meet with their appropriate punishment in dismissal and our position is that in every case in which that punishment is inflicted upon just grounds the individual should be considered to be permanently excluded from Government employ. With regard however to the instances of arbitrary dismissal for slight reasons adverted to by the Secretary to the Board of Revenue we can neither recognise their propriety nor see the advantage accruing to Government from the practice. It may be doubtful whether the punishment of temporary

It may be doubtful whether the punishment of temporary

suspension under the name of dismissal with the intention of re appointment has any beneficial operations as regards the supposed offender. But we cannot doubt that it must tend to impede the business of the office by raising fears in the minds of the other native officials that the caprice of their superiors may inflict upon them the same penalty.

We consider it more likely that Government will be well served if it is distinctly understood that probity and diligence are the conditions of continued employment than if the subordinates work in slavish dread of their official superior knowing that his whim prejudice or passion may at any hour eject them from their situations and reduce them to destitution. In our opinion moreover the knowledge that gross misconduct will altogether exclude from the service of Government will operate as an additional inducement to the honest and attentive discharge of duty on the part of native servants. If the offence which a subordinate may commit be considered by the chief of his office to merit severe punishment though not the ultimate one of dismissal the circumstances should be reported to higher authority, and if necessary to the Government for their judgment and decision.

PARA 7 The salutary tendency of the proposed rule will therefore be to make subordinates more faithful in the discharge of their duties and supervisors more cautious in inflicting punishment upon those under their control—necessary as it is that the power of dismissal should be vested in the chiefs of Departments it is equally desirable to check and as far as may be practicable to regulate that power. If evidence of this be required the letter from the Agra Board of Revenue affords it and we shall here further quote the sentiments of the junior member of that Board as a corroboration of the view which we are led to take of this question. He observes that since he has entered the service the Government have done much to temper the arbitrary severity with which their native officers are treated by their European fellow servants and they have in consequence materially increased the honesty and faithfulness of that deserving class of men but more remains to be done and he doubts not will be done by degrees. We give due weight to the opinions to which we have adverted and under the explanation we have now given we are not disposed to depart from our order of the 10th July 1850.

PARA 8 There is however a class of cases which does not come within the intension of our order though erroneously considered in this light by

[Miscellaneous—Dismissal of Public Servants

the authorities in the North Western Provinces we mean cases of inaptitude for the particular branch of occupation to which a native servant may have been originally appointed as well as cases of physical incapacity. The latter must be treated according to rule and with regard to the former we cannot but think that in the majority of cases the difficulty might be overcome by a re adjustment of duties without recourse to the harsh steps of removal from office.

PARA 9 We would in conclusion express our hope that the notice we have taken of this subject will have the beneficial effect of inducing the exercise of greater forbearance and a more just consideration on the part of our Civil servants towards the useful and deserving class of men placed in subordination to them. With respect to the most important class of those men namely those receiving salaries of above Rs 10 a month and to some of whom under certain restrictions pensions are granted upon retirement we think that you might issue instructions that you should be kept advised of the dismissal of all individuals composing that class and of the causes of their dismissal. This would afford an opportunity for enquiry into cases in which the cause might appear unsatisfactory or questionable which does not at present exist. Should any instances unfortunately occur to disappoint the expectation which we have expressed that greater forbearance and justice will be exercised towards the native servants we desire to be invariably informed of them whether they shall occur in the class above referred to or in any others and we shall feel it to be our duty to visit such conduct with the expression of our severe displeasure.

Lotteries and Race Sweeps

LOTTERIES AND RACE SWEEPS

No $\frac{5}{1713}$

From A MACKENZIE, Esq, C S Secretary to the Government of India, Home Department, to Madras, Bombay, Bengal, N W P and Oudh, Punjab Central Provinces, British Burma, Coorg, Assam and Hyderabad

Dated Simla, 31st May 1882

The attention of the Governor General in Council has recently again been drawn to the fact that in some instances sanction has been given by local authorities to the holdings of lotteries for various objects and to the appearance in the local newspapers of advertisements regarding such undertakings. This has probably been through inadvertence or forgetfulness of the tenor of the Home Department Resolution No 329 of the 1st November 1877. The Government of India return the opinion then expressed that the practice in question is distinctly mischievous, and one to which no encouragement of any kind should be given by Government. I am accordingly directed to request that all applications for permission to hold lotteries may be in future invariably refused.

A letter from the Bengal Government dated the 13th September 1877,
No 1441 J

RESOLUTION —On the 13th September last the Bengal Government forwarded a letter from the Commissioner of Police at Calcutta reporting that advertisements of lotteries and race sweeps printed beyond the limits of Lower Bengal are sent in large numbers to hotels and other places of public resort in Bengal, in contravention of section 294 A of the Indian Penal Code, and that the proprietors of newspapers and other periodicals in Bengal complain bitterly that their columns are closed to notices and advertisements which are freely permitted elsewhere. His Honor the Lieutenant Governor of Bengal considers that the present treatment of lotteries by the different Local Governments is exceedingly unsatisfactory, in Bengal the law is strictly enforced, while in the Punjab and elsewhere it is habitually broken with impunity and newspapers are allowed to advertise and circulate proposals directly opposed to the provisions of the section of the code cited. His Honor is of opinion that if these lotteries and race sweeps are mischievous they should be put down by law, instead of being allowed to develop themselves year by year, but that if they are considered to be a harmless amusement the prohibitory clause in the Penal Code should be repealed, and lotteries should not be discouraged. His Honor himself considers them exceedingly mischievous.

2 The Government of India concur with His Honor's opinion as to the mischievous character of the lotteries and race sweeps advertised, and believe that the mischief is year by year assuming greater dimensions. As the intention of the law on the subject is clear, and as its provisions were intended to operate in one province as much as in another, the Government of India consider that the law should be uniformly enforced. Local Government and Administrations are, therefore requested to enforce the law, after giving due notice thereof by publication of this Resolution in their several official Gazettes.

Extract from the Proceedings of the Government of India in the Home Department (Public) under date, Simla, the 8th October 1889

READ again

Home Department Resolution No 277 to 102 (Public), dated 19th January 1884

RESOLUTION

In the Resolution of January 1884, cited in the preamble the Governor-General in Council invited the attention of all Local Governments and Heads of Departments to the imperative duty which devolves on them of taking severe notice of the conduct of clerks and other employes who allow themselves to fall into embarrassed circumstances, and it was pointed out that assistants in Government offices should clearly understand that if they voluntarily contract debts or obligations which they are unable to meet, they render themselves liable to summary dismissal

2 His Excellency in Council has reason to fear that the tenor of these orders has not always been properly understood and desires to supplement them by more definite instructions as to what constitutes such a state of indebtedness as to render it undesirable that a person should be retained in the public service. The Governor General in Council accordingly directs that where half the salary of a Government official is constantly being attached for debt, or has been continuously under attachment for more than two years or is attached for a sum which under ordinary circumstances, it will require more than two years to repay, a full schedule of the officer's debts should be obtained by the head of the office, and the case dealt with in the same way as if the debtor had taken advantage of the insolvency court. In such cases it should be specially ascertained—

(1) What is the proportion of the debts to the salary and the extent to which they detract from the debtor's efficiency as a public servant,

(2) Whether the debtor's position is irretrievable,

(3) Whether it is desirable under the circumstances to retain him—

(a) In the particular post he occupies, or

(b) In any position under Government

It will be for Local Governments and the different Departments under the Government of India to issue subsidiary directions to officers subordinate to them as to the authority to which the schedule of debts and the report on it should be submitted for orders

LANDED PROPERTY

(¹) *Rules Prohibiting Government servants from having interest in landed property within the limits of the District in which they serve, and forbidding Girdawars and Putuaries from lending to and borrowing money from any person having a direct interest in landed property situated within their circles*

The following rules adopted from those in force in the North West Provinces are under orders from the Chief Commissioner laid down for the information and guidance of all persons serving under the Civil Administration of Ajmere Merwara —

1 Purchase or the acquisition in any other manner than by inheritance by any person holding a Judicial post or an executive or ministerial office in or the Judicial or in the Revenue Departments in Ajmere Merwara of landed property or of any interest in lands within limits of the district in which he serves will subject the person making such purchase or acquisition to dismissal

2 An immediate report must be made of the acquisition by such persons of any property or interest in land by inheritance for the orders of the Commissioner through the head of the Department in which they are employed

3 The above rule does not apply to ground purchased or acquired for the purposes of residence and of gardening or other recreations. All such cases are however to be also immediately reported for the information of the Commissioner

(¹) Sanctioned by the Chief Commissioner in his letter No 131 dated 6th February 1890

Miscellaneous]

Office Orders

4 It must be understood that those servants of Government who hold under false names or in the names of their wives and children, relatives or servants' property which actually is their own offend against the rule laid down, with the additional aggravation of attempting to deceive their employers.

5 The tenure of any land whether within or without rights of occupancy, as well as the proprietary right in any land or share, whether within his circle or without it, shall be notified by every Putwari through his supervisor for the information of the Collector and may be made a reason for his dismissal if the Collector considers that he is thereby prejudiced in the proper performance of his duties

6 No Girdawar or Putwari shall lend money to or borrow money from any person having a direct interest in landed property situated within his circle nor shall he lend to or borrow from any such person any gram or other agricultural produce or have any other commercial dealings with such persons

(a) Obtaining for his own use on credit, or otherwise, articles supplied by merchants residing or having interests within his circle, is not borrowing or dealing within the meaning of this order

OFFICE LIBRARIES

Rules regarding the control of Libraries attached to various Offices of Government in the District of Ajmere and Merwara (sanctioned in the Government of India, Home Department Letter No 96, dated 28th April 1877, to the Chief Commissioner, Ajmere)

"THE books in each Office must be collected together in one place under the charge of the Head Clerk If practicable, a separate room should be assigned to them

(2) A revised Catalogue must be prepared from time to time, and missing books accounted for.

(3) No books must be removed from the Library without the permission of the Head of the Office

(4) A receipt must be invariably taken from an Officer removing a book to be returned to him or cancelled when the book is returned to the Library

(5) Every Officer upon receiving charge of an Office to which a Library is attached must satisfy himself as to the state of the Library. Unless he then reports that the books are out of order or that any volumes are missing it will be assumed that he received the Library in good order and he will be thenceforward personally responsible for any defects

(6) The state of the Library is to be mentioned in the Annual Report

(7) The volumes of the Board's Circular Orders and of the select High Court Rulings supplied for the use of each Revenue Court and Office are to be entered in the Library Catalogue and not carried away from the district upon the transfer of an officer unless (in the case of a Deputy Collector) he is not to be replaced and is going to take charge of a new office and not in succession to another officer. The accumulated monthly issues of an incomplete volume are to be counted as one volume only

PRODUCTION OF MEDICAL CERTIFICATE

No 2215G dated 11th June 1894

TO THE CIVIL SURGEON

Sir

With reference to the correspondence ending with your letter No 325 dated 15th May 1894 I have the honor to state that orders have now been issued to the effect that no excuse of absence on the ground of ill health will be accepted from any member of a Government Office Establishment in Ajmere or Merwara unless the applicant produces a Medical Certificate signed by the Civil Surgeon of Ajmere so far as the Ajmere District is concerned or the Assistant Surgeon of Beawar for the Merwara District

2 Absence without the production of Medical Certificate will entail forfeiture of pay for the whole period during which the absentee fails to attend office

Miscellaneous]

Office Orders

3 The fee to be charged for the grant of a certificate has been fixed at two annas for each five rupees or fraction of five rupees of the applicants' pay. A certificate will rarely if ever be required more than once a year on an average so the rate cannot be regarded as unduly high. But special cases can be submitted for the orders of the Commissioner, if the exaction of the fee is likely to cause real hardship.

4 To ensure the correct amount of the fee in cases in which the Medical Officers concerned may be in doubt as to the pay of the applicant the amount charged should be noted upon the certificate itself.

5 These rules will have effect from the fifteenth of June 1894

A certificate will rarely if ever be required more than once a year on an average so the rate cannot be regarded as unduly high. But special cases can be submitted for the orders of the Commissioner, if the exaction of the fee is likely to cause real hardship.

4 To ensure the correct amount of the fee in cases in which the Medical Officers concerned may be in doubt as to the pay of the applicant the amount charged should be noted upon the certificate itself.

5 These rules will have effect from the fifteenth of June 1894

CIRCULAR No 23 F

Dated Ajmere 8th May 1894

It appears from the correspondence which passed at the time the circular dated 11th March 1890 was issued for regulating supplies to Civil Officers on tour that it was intended that the Grass and Fuel mentioned in Rules I and II when taken from a Forest Reserve should be issued free of charge to the villagers whose duty it is to supply the Officers Camp

2 It appears however that the villagers frequently are not aware of this privilege and on more than one occasion lately they have complained of having to pay for the grass and fuel referred to above

3 It should therefore be made generally known that grass and fuel will be supplied free from the nearest Reserve to the villagers on a requisition signed by the officer concerned the amount entered in the requisition being based on the scale permitted by the Circular of 1890 already cited

GOVERNMENT OF INDIA,
HOME DEPARTMENT

RULES REGARDING THE RECEIPT OF TESTIMONIALS AND
ADDRESSES BY SERVANTS OF GOVERNMENT

[a] Nos 729—53

*Extract from the Proceedings of the Government of India in the Home
Department (Public), under date Simla, the 6th May 1898*

Read—

Home Department Resolution No $\frac{729}{16\ 9-1045}$ dated the 22nd July 1887,
regarding the receipt of testimonials and addresses by servants of
Government

RESOLUTION

By the rules attached to the Resolution above quoted, all servants of Government are prohibited, subject to stated exceptions from receiving complimentary or valedictory addresses in any form, or testimonials of any kind, and from attending public meetings or complimentary entertainments of a formal and public character held in their honour. Several instances have recently occurred in which arrangements for the presentation of testimonials have been made and subscriptions collected apparently in ignorance of the fact that the proceedings were irregular and that the Rules prohibit Government officials from receiving testimonials of any kind. It has also happened more than once lately that a formal character has been given to farewell entertainments, such as are permitted by rule 3, by the publication in the newspapers of speeches made at them. The Governor-General in Council in these circumstances finds it necessary to call the attention of Local Governments and Administrations to the rules, and to request that it may be again impressed on all officers that they must be strictly observed. With a view to bringing them to the notice of the public, the Governor General in Council directs that they be republished in the *Gazette of India* and the Gazettes of Local Governments and Administrations. The rules do not apply to the receipt of addresses by the Head of any Government or Administration.

[a] *Vide* supplement to the Gazette of India, May 7 1898, page 875

1 Save as in these rules otherwise provided all servants of Government Covenanted or Uncovenanted are forbidden to receive complimentary or laudatory addresses in any form or to accept testimonials of any kind, or to attend public meetings or complimentary entertainments of a formal and public character held in their honour

2 The Government views with disfavour all similar manifestations in the case of retired officers when following immediately upon their retirement from active service and designed as an acknowledgment of acts done by them while in the service of Government

3 It is not intended to prohibit such an expression of regard for the private or official character of an officer retiring from service or leaving his station or district as is involved in a farewell entertainment supported by his personal friends even though some of these may be his official subordinates. But it is expected that the proceedings on such occasions will be substantially of a private and informal character

4 Local Governments and Administrations are authorised to forward to an officer who has left a station or district the resolution of any local public body recording a vote of thanks to him for help and advice afforded during his official connection with the station or district

5 Medical officers are not prohibited from receiving pecuniary recognition of their services from a community or body of persons which may desire to acknowledge these but the previous sanction of the Local Government or Administration must be obtained by medical officers before receiving any public complimentary address

6 Nothing in the above rule is meant to prohibit compliance with the request of a public body that a Government officer should sit for his portrait, bust or statue in recognition of his public services, provided that the portrait bust or statue is not intended for presentation to the officer concerned

7 The participation of Government officers in the raising of funds for the foundation of scholarships or for procuring a portrait bust, or statue as a spontaneous recognition of the services of a Government officer is not forbidden, but it should be clearly understood that any solicitation on the part of officers of Government for subscriptions from any person who does not voluntarily come forward to contribute, is disapproved by the Government of India

Miscellaneous.]

Testimonials and Addresses

8 The previous sanction of the Government of India must be obtained to the relaxation of these rules in any special case in which the Local Government or Administration may think this desirable

ORDER—Ordered that a copy of this Resolution be forwarded to (a) all Local Governments and Administrations, (b) all Departments of the Government of India, and (c) all Heads of Departments subordinate to the Home Department and that the Resolution be published in the *Gazette of India* for general information

*Sanctioned by the Chief Commissioner in letter No 845S, dated the
10th March 1897, from his Secretary in P W D, to the Commissioner,
Ajmere-Merwara*

1 Permission may be given under section 86 of the Ajmere Municipalities Regulation of 1896 to construct projecting Jharokas and other projections overhanging such streets and public lands as will allow a minimum of 10 feet clear space to be left between Jharokas or other projections on either side of the street or public land

Exception to Rule 1 —

But when in the unanimous opinion of the Public-Works Sub Committee an applicant should be allowed to construct projecting Jharokas and other projections overhanging such streets and public lands as will allow a minimum of 6 feet, but less than 10 feet, to be left between Jharokas or other projections on either side of the streets or public land, in such cases the Sub-Committee before granting the permission asked for will refer the case to the Civil Surgeon asking him to favour the Sub-Committee with his opinion on the point whether the construction proposed to be built will in any way injuriously affect public health. The opinion of the Civil Surgeon in such cases will be final

2 Permission will in no case be given to construct Jharokas of greater width than three feet, the measurement being taken from the basement wall. The lowest part of the brackets shall be at a height not less than 12 feet above the street level

3 In giving permission as above the right of the owner of the opposite premises to a similar concession and the possibility of a similar construction in such cases at some future time, must always be borne in mind

[Municipalities

Rules under Section 86

4 When the buildings are incomplete on one side, the general line of buildings already existing on that side will be taken into account. If any building is likely to be erected on a future date on old foundations projecting beyond the general line of buildings, then such old foundation will be taken into account in granting permission to the owner of the opposite house.

5 No projection contemplated in the preceding rules shall be allowed unless provision is made to prevent run-water from dripping on the road, or being discharged on to it through spouts. Projections other than cornices must in all cases be provided with gutters and the rain water carried down the wall into the street, so as to prevent injury to the roads and inconvenience to passers by.

6 The above rules apply to construction and reconstruction, but not to repairs. In case of dispute the Committee will decide under what description the alterations fall.

7 Permission may be given to build Bhadar to a door on any street, however narrow provided the Bhadar does not exceed three inches in depth, the measurement being taken from the main wall of the building.

8 Permission may be given to fix doors to buildings which open towards the street, provided they are so constructed as to fold back and be closed to the wall of the building.

9 Construction or reconstruction of chabutras overhanging drains shall not be permitted in streets less than 25 feet wide.

10 The permission given under the above rules shall remain in force for one year, after which period the applicant must make a fresh application for permission.

3. The amount of duty will be paid into the treasury either in cash or by hundi and the Treasury Officer will give the person tendering payment a receipt for the amount so paid. On production of the receipt the number of chests for which duty has been paid will be admitted into the opium godown

4. Hundis will, on being approved of by the Treasury Officer, be registered and numbered, and be endorsed on the reverse side with the name of the person on whom they are drawn, they will be forwarded by the Treasury Officer under sealed and registered cover, if the opium is for export by sea

direct to the Accountant General Bombay and if it is not for export by sea to the officer mentioned in the pass to whom the Treasury Officer may be directed to forward it. The register will be in the following form —

(2) Date of pass	(8) At how many days sight

(4) Consecutive number of bundi	(10) Amount of bundi
(5) Date of bundi	(11) Total amount of duty

5 To facilitate check passes will bear the same numbers as the hundis and these numbers will be entered in column 1 Number of pass. The total in column Total amount of duty will be the total for each continuation register, and will be carried forward into the next, and numbers of passes so entered in the first column will be distinctly specified in the advice sent to the Accountant General.

6 A duplicate of this register if the export is to be by sea will be sent to the Collector of Customs and Opium Bombay, or if the export is by land to the officer to whom the bundi has been sent under paragraph 4 of this schedule.

7 Opium intended for export by sea or for home consumption in India shall be brought to the Government godown ready picked in chests or half chests (as may be most convenient) by the merchants or brokers who will produce the Treasury Officer's certificate under his signature for cash or his receipt for bundis on stamped paper payable at sight to the Bombay General Treasury and Bank of Bombay. The Deputy or Assistant Opium Agent will carefully inspect the Treasury Officer's signature to the certificate and note the serial number of the receipt to satisfy himself that the receipts are genuine. The duty on opium intended for consumption in India must be paid in cash or by approved hundis into some treasury in British India and the receipt of the Treasury officer must be produced.

8 The chests or half chests of each party will be placed in the opium godown and will have their covers printed and stamped and each chest or half chest will then be numbered consecutively in English.

9 Merchants will themselves provide and pay for porters, carpenters and men for marking the chests and sewing up the covers of such chests as have been opened for weighment, they will also pay all expenses of conveying their chests to the railway station and of transit thence to their destination.

Opium]

Rules

10 The Collector shall annually before the weighment of the opium of the season is begun examine the weights and scales and report the result of the examination to the Commissioner No weights or scales shall be used which on any such examination have not been found to be strictly accurate

11 It will be the duty of the officer in charge of the scales to see that the opium is weighed fairly with an even beam the practice of taking excess weight for the purpose of trimming the scales or as an allowance for dryage and wastage is strictly prohibited

12 The Deputy or Assistant Opium Agent will select at hazard any chest he pleases (never less than two chests or half chests out of every ten and as many more as he thinks fit) each selected chest will then be separately opened its contents (opium balls called *battis* or *golis*) brought to the scales the exact weight recorded and from these weighments the average of the whole lot may be struck If the weight is in excess of the 140½ lbs allowed by the Government in each whole chest the surplus may be withdrawn the object being to prevent a larger quantity than the amount allowed in a chest being exported under the pass The officer who supervises weighment is to see that the surplus quantity of the whole of any batch is taken out of the opened chests and put aside somewhere near him under his eyes until the chests are re-packed and nailed down If the weight is under 140½ lbs and the owner has spare opium to make up the deficit he may be allowed to supply it to make up the full weight and the chests will then be nailed down in the presence of the officer in charge of the scales If the owner is not able to make up the deficiency the amount deficient will be noted in the pass.

13 During the process of weighing the chaprasis of the Opium Establishment should vigilantly watch the merchants and their servants

14 This operation is called the net weighment of opium and when completed the boxes are nailed down and re-packed then the gross weighment of each chest or half chest is ascertained and recorded and the gross weight is then marked on the covers in English with the serial number of the chest and such other particulars as may be necessary for the identification of the consignment. The chests are then ready for despatch

15 The chests exported during one season which begins on the 1st August shall bear a continuous serial number

[Opium

At Bombay the Customs Officer will test the weighments by fresh weighments. Elsewhere this test will be applied by the Deputy Commissioner or Collector, and as there always occurs a certain amount of dragee in transit the weight of opium should invariably fall short of the weight recorded at Ajmere.

18 Two weekly registers, for the week ending on Saturday, in the form appended to this Schedule, will be prepared and forwarded, one to the Secretary to the Government of India Department of Finance and Commerce, and the other to the Chief Commissioner of Ajmere, a copy being sent at the same time direct to the Collector of Customs and Opium at Bombay if the export is by sea.

RESOLUTION

In the Resolution dated the 25th February 1885, cited in the preamble, the following questions were discussed, namely,—

- (1) The measures which should be taken to provide for the recognition of re-convicted prisoners in view to their being adequately dealt with, not only by the Courts, but also by the jail authorities after admission into jail,
- (2) The definition of the term "habitual criminal" for purposes of Jail discipline, and
- (3) Whether the duty of determining the classification and treatment in jail of a convict as an 'habitual' should be placed entirely upon the Magistracy, or partly upon the Magistracy and partly upon the police and jail authorities, and whether it would not be possible to lay down more definite rules of procedure in this matter than at present exist

2 In regard to the first of these points the Government of India suggested—

- (a) That a descriptive roll of every prisoner arrested by the police should, as suggested by the Jail Conference of 1877, be prepared at the station-house, and be sent up with the prisoner to the Magistrate and that such descriptive roll, in the event of the final conviction of the prisoner by the Magistrate, should be copied in a register to be kept up in the jail for this purpose
- (b) That the police in sending up an accused person to the Magistrate should embody in the charge sheet as complete a record as possible of all his previous convictions

Police]

Habitual Criminals

- (c) That the jail authorities should not content themselves with the information obtained from the Magistrate or from the police as to the former convictions recorded against a convict but should endeavour to ascertain from the subordinate jail officers warders and long term convicts as well as from the jail records if the prisoner has been previously convicted, and
- (d) That the police should be given frequent opportunities of inspecting convicts after admission into jail both by a weekly parade as suggested by the Jail conference and by such other means as might be found desirable

The Government of India requested that where the rules in force did not already accord with the above suggestions they should be made to do so and that the question whether other measures should not be adopted as auxiliaries thereto should be carefully considered by Local Governments and Administrations

3 From the reports now received it appears that the suggestions made in the Resolution of the 25th February 1885 have generally met with approval, and that the rules already in force in several provinces though they have not always been thoroughly carried into practice correspond more or less closely with those suggestions. The Governor General in Council is however, of opinion that the rules might be made even more uniform than they are now and he desires that the following additional measures for identifying re convicted prisoners be generally adopted with this object namely —

- (1) That a list of re convicted prisoners who are to be released every month be despatched from the jail to the Magistrate and the District Superintendent of Police. This may be done by sending to these officers on the 20th of each month an extract from the jail register showing all re convicted prisoners with their places of residence who are to be released in the succeeding month. The rule contained in clause 471 of the Jail Manual for Bengal that this list should be sent fortnightly may be retained in that Province

- (2) That the jail authorities should examine under trial prisoners detained in the jail or the Magistrate's lock up in order to ascertain whether they have been previously convicted. Whenever a previous conviction is discovered in this way an intimation to this effect should be sent to the police before the trial of the prisoner. In Magistrate's lock ups, which are separate from the jail it may not be always possible to carry out this rule but these cases should be few. In sub divisional lock ups the plan will not be practicable,
- (3) That when a re convicted prisoner is transferred from one jail to another an extract from the relevant entries in the register of the jail from which the transfer is made should be sent to the jail to which the prisoner is transferred and
- (4) That when subsequent to conviction the jail authorities discovered that a prisoner has been previously convicted the fact should be communicated to the Magistrate and the District Superintendent of Police.

4 It is understood that at all police stations lists of released prisoners are maintained and that when a released convict whose name is entered on such list passes out of sight his descriptive roll is published in the local *Police Gazette*. It has been suggested that slips stating the descriptive roll should be circulated to every police office and jail when such a released convict disappears. It does not seem necessary to do more than supply the jails regularly with copies of the *Police Gazette* if this is not done already and it will be for District Superintendents who receive the *Police Gazette* to circulate slips to police officers if this is considered necessary.

5 The next subject discussed in the Resolution of the 25th February 1880 was the possibility of framing some authoritative definition of the term habitual criminal. After carefully considering the suggestions made by Local Governments and Administrations the Governor General in Council is of opinion that the following definition may be accepted —

For the purposes of jail discipline the words habitual criminal shall mean a prisoner so called—

Police.]

Habitual Criminals

(1) By the Court of Magistrate that heard the case—

(a) Because he has been convicted of an offence punishable under Chapter XII or XVII of the Indian Penal Code with three years' imprisonment or upwards, and has been previously punished on conviction for an offence under either of these chapters and similarly punishable, or

(b) Because, from the circumstances of the case, the Sessions Judge or Magistrate believes the prisoner to depend on crime as a means of livelihood or to have attained such an eminence in crime as to warrant his being classed with habitual or class B criminals

(2) By the District Magistrate or any Magistrate empowered by him on this behalf the classification being made in accordance with the principles suggested for the guidance of the courts in clauses 1 (a) and (b) of this definition

(3) Subject to the control of the Magistrate by the officer in charge of the jail, when the prisoner is—

(a) Sentenced or believed to be liable to punishment under Section 75 of the Indian Penal Code,

(b) Under sentence enhanced by reason of more than one previous conviction, or

(c) Known to have been repeatedly imprisoned for similar offences, or

(d) A member of a criminal tribe

Provided that—

(1) Any such Court or Magistrate as is mentioned above may direct that a prisoner shall not be classed as an habitual criminal, and

(2) When there is room for doubt whether a prisoner should be so classed or not, the officer in charge of the jail shall refer the case for the orders of any such Court or Magistrate

[Police.

Habitual Criminals

Explanation —The classification when made by the convicting courts shall be final. If the courts omit to classify a prisoner as an habitual, the District Magistrate, or any Magistrate empowered by him may do so. In case of omission on the part of the Court and of the Magistrate the officer in charge of the jail may make the classification, subject to the general control and supervision of the District Magistrate.

6 The third and last question dealt with in the Resolution of the 25th February 1895, namely, what authority should be made responsible for classifying prisoners as 'habitual criminals', is disposed of by the 'explanation' in the preceding paragraph.

ORDER —Ordered that this Resolution be communicated to the several Local Governments and Administrations for information and guidance.

CIRCULAR MEMO

No 142 J, dated 25th March 1886

TO ALL CRIMINAL COURTS IN THE AJMERE-MERWARA DISTRICT, DISTRICT
SUPERINTENDENT OF POLICE AND SUPERINTENDENT OF JAIL, AJMERE

According to the existing practice in this District the Descriptive Roll of each person sent up by the Police is embodied in the charge sheet, but as it is always incomplete and its entries are admittedly made in a perfunctory manner it can hardly be relied upon as a safe guide for the future recognition of the prisoner by the Police who have, therefore, to depend on the description given of him in the Jail Register

With a view to ensuring the proper recognition of re convicted prisoners the following instructions are issued —

1 In future the Police should take special care with the preparation of the Descriptive Rolls of prisoners To ensure a complete description being given the particulars specified below should be given on the back of the charge sheet and it shall be the duty of the Police Officer concerned to see that they are correctly entered

1	2	3	4	5	6	7	8	9
Name of Accused	Parent age	Caste	Residence	Age	Height	Complexion	Distinctive marks	REMARKS

2 In the event of any prisoner being convicted the particulars given in columns 4, 5, 6, 7, and 8 above should be noted at the foot of the warrant of commitment to prison and signed by the Magistrate After this they can be copied into the Jail Register

Postage for Process

Resolution —Section 95 of the Civil Procedure Code (Act X of 1877) provides that postage where chargeable on any notice summons or letter issued under this Code and forwarded by post and the fee for registering the same shall be paid within a time to be fixed by the Court before the communication is forwarded. Under this provision of the law parties to civil cases in addition to the various Court fees levied in Court fee stamps are usually obliged to advance small sums of money to defray the postage charges on notices summons or letters which have to be transmitted by post. This system involves an amount of account keeping and correspondence in the offices of the Courts out of all proportion to its importance and there can be no complete supervision over the various petty accounts kept in the offices of Judges whose ordinary judicial duties fully occupy their time.

2 As a remedial measure it has been proposed that Section 95 of the Civil Procedure Code should be amended so as to admit of the levy of a small additional Court fee stamp to be affixed to each notice summons or letter which has to be sent by post the Court fee being calculated at an average rate which would pay for the transmission and return of an ordinary notice or summons.

3 The Governor General in Council observes that Section 95 of the Civil Procedure Code does not require that the postage shall be paid separately but only that it shall be prepaid. To secure this object it does not in the opinion of his Excellency the Governor General in Council appear to be necessary to amend the section referred to.

4 There can be little doubt that the existing system is very troublesome both to the Courts and to the parties to Civil cases who are obliged to defray the postage charges. It seems also undesirable to charge process fees at rates high enough to cover all incidental charges for the service of processes notices etc. and then to make a further separate demand for postage.

5 Under these circumstances His Excellency in Council is pleased to direct that in future the postage charges on all processes notices and such other documents as are issued from any judicial or revenue court and are required to be transmitted by post shall be paid by means of service postage stamps without any additional charges being levied from the parties at whose instance the processes are issued. The value of the service stamps so used shall be paid out of the Process Serving Fund by periodical adjustments to the Imperial revenue. This arrangement will entail a loss to the Imperial

postal revenue to the extent of the difference between the ordinary and service postage rates but as it will relieve litigants from certain petty and vexatious charges His Excellency in Council considers it desirable to forego the revenue

6 It is presumed that the process serving funds are in every instance able to bear this additional charge But if in any case it be found otherwise the rates of process fees might be slightly raised under the Court Fees Act so as to cover postage charges

*Pleaders Fee in uncontested Cases*No 131 —*Dated the 11th January 1873*FROM THE COMMISSIONER AJMERE MERWARA TO THE CHIEF COMMISSIONER,
AJMERE MERWARA

I find that the expenses of Civil Suits are more than doubled by the Pleaders fees and this is more particularly noticeable in the larger quantity of uncontested cases disposed of in the Small Cause Courts of this District. In such cases the Pleaders have no work to do and it seems but a reasonable concession that when the debtor confesses his indebtedness that he should not be saddled with the costs of the Vakeels fees.

I understand that a circular was lately issued in the Central Provinces directing that in uncontested cases Vakeels fees should not be decreed and with your permission I propose to issue like orders for this District.

LETTER NO 61 OF 28TH JANUARY 1873 FROM THE CHIEF COMMISSIONER
AJMERE AND MERWARA TO THE COMMISSIONER OF AJMERE AND MERWARA

I have the honor to approve of the proposition made in your letter No 131 dated 11th January 1873 which will tend to protect the people from the oppression of money lenders.

COMMISSIONER'S CIRCULARS

No 1—Dated 23rd May 1876

From—THE COMMISSIONER AJMERE MERWARA

To—ALL JUDICIAL OFFICERS IN THE AJMERE MERWARA DISTRICT

Approved by the Judicial Commissioner Ajmere in his letter No 282
 dat 1 20th May 1876

Laxity of practice in certain points connected with Cause Lists, Execution of Decrees and other matters have been found to exist in some of the Courts the Commissioner (with the assent of the Judicial Commissioners of Ajmere and Merwara) accordingly finds it necessary to prescribe the following instructions in the more permanent form of a circular for future guidance of the Courts.

1 A Cause Register of dates fixed for trial of Original Miscellaneous and Appeal cases as well as Execution of Decree cases in the accompanying form or an extract from it should invariably be placed before the Court and the suits for the day should be disposed of in accordance with such Cause List. A Cause List in the Vernacular should be hung up outside each Court showing the cases for hearing in each Court for each day of the month

Cause Register and Cause Lists

2 A note of the result of the hearing of the suit should be made at each hearing in the column of remarks of the Cause Register and parties should be carefully informed of any adjournment

3 Applications for Execution of decrees shall be at once entered in the Register of Execution of Decree in the accompanying form marked A and a date being fixed for hearing the case should be shown in the Cause Register until finally disposed of

Execution of Decrees

4 The attention of the Courts is specially drawn to the quick disposal of Execution cases and the necessity of hearing them upon the fixed date

5 All Courts whether Civil or Criminal shall enter on a separate sheet or sheets in the annexed form a short chronological abstract in Vernacular of every order passed in the course of the proceedings in a case. The entries

Chronological Abstract of orders.

Procedure—Civil]

Cause Lists

to be made at the time the order is given consecutively, according to the dates of the orders and the sheet is to be filed in the Record immediately after the Index of papers

Chronological abstract of orders passed in the case of—

Date of order	Abstract of order
---------------	-------------------

6 The entries so made are to be in addition to the usual record of the orders in their proper places in the file, they are intended to facilitate the tracing by Appellate Courts of the course of procedure, in the order in which it occurred in a case

Adjournment

7 Adjournments in certain Courts are very numerous, and sometimes made for insufficient reason ample time when the Defendant lives at a distance should be given him to appear or for other sufficient reason adjournments should not be refused but all suits should then be disposed of without unnecessary delay

Examination of witnesses

8 Examination of witnesses in Civil and Criminal cases should invariably be recorded on separate sheets and provisions enjoined for the examination of witnesses in the Civil and Criminal Procedure Codes should be fully attended to

9 It has been found that Native Judges do not invariably comply with the provisions of Section 172 Civil Procedure Code The Assistant Commissioners are directed to enforce the rule A memorandum of the evidence must be made as the examination of the witness proceeds and the practice of making a memorandum of a number of depositions recorded by the Mohurrir after the record has been completed must be at once discontinued

Note of all orders in Judge's handwriting

10 The Judges are directed to make a note on the record in their own handwriting as the case proceeds, of all orders that may issue during the currency of the case, whether Original Miscellaneous or Execution of Decree

Supervision of Assistant Commissioners' Courts

11 It is the duty of the Assistant Commissioners personally and through the Readers of the Courts to acquaint themselves periodically with the state of Registers, Records and Procedure of the Courts subordinate to them and to correct any irregularities that may come to their notice and occasionally to examine selected files from each of the subordinate Courts so as to satisfy themselves that unnecessary delays do not occur in disposing of cases

Instructions as to Documentary Evidence and framing of Decrees

CIRCULAR

No 373-J —*Dated 14th February 1888*

I The records of civil cases have frequently been found encumbered with numerous documents which have neither been proved nor admitted, and it seems necessary that I should invite the attention of Courts generally to the provisions of Section 59 of the Civil Procedure Code, which directs that if the plaintiff sues upon a document, it or a copy of it shall be filed with the plaint, and any other documents which are to be relied upon in support of the claim are to be entered in a list to be annexed to the plaint, also to Section 63 which states that a document which ought to be produced when the plaint is presented or entered in the list, and is not, shall not without the leave of the Court be received in evidence at the hearing

Section 138 and the sections following it of the Code provide that—

"138 The parties or their pleaders shall bring with them and have in readiness at the first hearing of the suit, to be produced when called for by the Court, all the documentary evidence of every description in their possession or power on which they intend to rely, and which has not already been filed in Court, and all documents which the Court at any time before such hearing has ordered to be produced

"140 The Court shall receive the documents respectively produced by the parties at the first hearing provided that the documents produced by each party be accompanied by an accurate list thereof prepared in such form as the High Court may from time to time direct

"141 No document shall be placed on the record unless it has been proved* or admitted in accordance with the law of evidence for the time being in force Every document so proved or admitted shall be endorsed with the number and title of the suit, the name of the person producing it and the date on which it was produced The Judge shall then, in his own hand, a statement that it is proved against or admitted by (as the case may be) the person against whom it was used The document shall then be filed as part of record

* i.e. its existence—Whether it is a colourable or a genuine transaction is a separate question to be determined in the evidence. The definition of "proved" in the Evidence Act, 1872

All documents produced at the first hearing, and not so proved or admitted, shall be returned to the parties respectively producing them

Procedure—Civil.]

Instructions as to Documentary Evidence and framing of Decrees

" 142 When a document so proved or admitted is relied on as evidence by either party, but the Court considers it inadmissible, it shall be further endorsed with the addition of the word 'rejected,' and the endorsement shall be signed by the Judge. The document shall then be returned to the party who produced it."

It is plain from these sections that it is not intended that the mere filing of a document should make it part of the record. But it seems to have been the general impression with some Judges that even if an exhibit is not proved or rejected it is to be placed on the record often without any endorsement—this is so even in the case of proved and admitted exhibits—and almost invariably without considering whether it is proved or admitted.

II Another irregularity which has come under notice is the manner in which the decrees are drawn up.

What the contents of a decree should be is clearly set forth in Section 206, to which attention is requested. Therein it is directed that, in addition to certain other particulars, the particulars as stated in the register (*vide* §§ 58 & 59) should also be incorporated in the decree. But in place of these the decrees has often been found to contain only such words as 'claim for the removal of a chabutti' or other laconic expressions, which of themselves can hardly give the necessary information which the executing Court, which has no power to go behind the decree, ought to possess for the proper understanding of the final order which it has to execute. Moreover, in such cases an Appellate Court is not in a position to see if the memorandum of appeal is adequately stamped.

III Copies produced by parties for being substituted for originals to be withdrawn should be carefully examined and certified to be true copies and signed by the proper officer of the Court before they are placed on the record of the case. Further, these copies should not be partial but faithful transcripts of the originals.

IV In criminal cases also the record should contain only such papers as were issued or received according to law by the Court in the exercise of its judicial functions.

COMMISSIONER'S CIRCULAR

No 2094 A J—*Dated 7th August 1885**To—ALL THE CIVIL COURTS IN AJMERE MERWARA*

1 It has been observed that recommendations for the ejectment of exproprietary tenants under Section 52 of the Ajmere Land and Revenue Regulation are generally sent up to the Commissioner for sanction without sufficient information to enable him to deal with them. It also appears that the provisions of the law with regard to such ejectment are not well understood. The following instructions are therefore issued with the sanction of the Chief Commissioner for the guidance of Civil Courts in Ajmere and Merwara —

2 When a recommendation for ejectment is sent up to the Commissioner the particulars required in the form of Report attached to this Circular should always be furnished

3 The Courts should bear in mind that Section 51 of the Regulation is permissive not mandatory and that they are not bound to order the ejectment of every expropriatory tenant who has made a default

Special regard should be paid to the provisions of Section 41 of the Regulation as decrees have been given erroneously on agreements of rent (Ghugri) bearing no proportion whatever to the productive capacity of the land and the legal rate payable under this section by an expropriatory tenant

4 In exercising the discretion allowed to them by Section 51 a Court may reasonably and should as a rule refuse to order ejectment if the default is proved to be due to scanty produce sickness of the tenant deaths of cattle or other calamity beyond his control also if it is shown that his produce has not been seized by attachments made by other creditors without any collusion on his part

The general condition of the agriculturists in whose interests the Land and Revenue Regulation was framed justifies the protection afforded by these limitations. If any other appear to be called for, the Commissioner will use the discretion accorded to him by Section 52 before sanctioning an application for ejectment

To—ALL JUDICIAL COURTS IN AJMERE MERWARA

In conformity with the orders of the Judicial Commissioner, Ajmere Merwara the attention of all Judicial Officers in these districts is directed to the provisions of Section 203 of the Code of Civil Procedure, 1882

Unless the Lower Courts record in their Judgments the reason for the finding arrived at, on the point or points for determination, etc as required by Law the Appellate Courts cannot deal satisfactorily with appeals or applications for revision

CIRCULAR ORDER

No 994 J —Dated 21st March 1893

To—ALL JUDICIAL OFFICERS IN THE AJMERE MERWARA DISTRICT

Instances have been brought to notice from which it appears that the endorsements occasionally made by the Courts on the copies of decrees which are filed by decree holders with their applications for satisfaction are sometimes altered with a view to defraud It is hereby ordered that, while there is no objection to receiving such copies as heretofore, no endorsement shall be made on them in future by the Courts in Ajmere Merwara to indicate the amount of the decree due or recovered

Procedure to be followed before framing of Issues

The following Circular of the Chief Court of Punjab was applied to Ajmere-Merwara by the Commissioner vide Commissioner's endorsement No 3045 dated 1st August 1891

CHIEF COURT OF THE PUNJAB

BOOK CIRCULAR No III—2488 G

T—ALL CIVIL COURTS IN THE PUNJAB

Date at Lahore the 22nd May 1894

Notwithstanding the explicit nature of the provisions of Chapter IX of the Code of Civil Procedure and of the instructions given in paragraphs 26 to 32 (inclusive) of Judicial Circular No I of the volume of Judicial Circulars, 3rd edition the Judges find that the Courts do not in all cases conduct a thorough examination of the parties before drawing issues

Subject
Directions as to the recording of pleadings and the examination of the parties in Civil suits before issues are raised

2 At the first hearing of a suit the first duty of the Court is to read over or cause to be read over to the defendant or his pleader or agent in a language that he understands the plaint paragraph by paragraph and to ask him whether he admits or denies each allegation of fact made therein. The Court should record the defendant's admission or denial of each allegation of fact or any explanation in regard thereto which the defendant may desire to make. When this has been done each party will be similarly called on to admit or deny each allegation of fact made in the written statement (if any) of the opposite party and the replies made will be recorded.

The Court should then proceed to formally examine each party as to all matters in conflict between them until the points in dispute have been reduced to definite questions of fact and law.

The examination of parties or of persons able to answer material questions not of pleaders must be on oath or solemn affirmation as provided in Section 147 Code of Civil Procedure. A pleader as such has no authority to make allegations of fact not within his personal knowledge.

3 Where a question of law is raised the party raising it should be called upon to explain fully the grounds on which it is based and the provisions of law on which it is based.

[Procedure—Civil]

Procedure to be followed before framing of Issues

sion of the law relied upon. A bald plea that "the suit is barred by limitation or that the claim or any matter in issue is *res judicata*," or that Section 43 Civil Procedure Code, is a bar to it should not be accepted. The party should be called upon to state all the facts necessary to establish the plea and also the specific provision of the law on which he relies. In a plea intended to be under Section 13 or Section 43, Civil Procedure Code he must specify the suit or the suit and judgment, upon which he relies, in such a manner as to enable the same to be produced, if necessary.

4 In order to ensure due compliance with these instructions the Judges are pleased to prescribe four forms for recording the pleadings of the parties, namely—

Form No CXVIII A—Sheet for the reply of the defendant to the plaint

Form No CXVIII B—Sheet for the record of the admission or denial of allegations contained in the written statement of parties

Form No CXVIII C—Sheet for the examination of the plaintiff or some person on his behalf

Form No CXVIII D—Sheet for the examination of the defendant or some person on his behalf

Where there are more defendants than one and the defence of all the defendants is not identical, each defendant having a distinct defence to put forward must be separately dealt with in regard to his reply both to the plaint and to the written statement of the plaintiff and in regard to his examination under Section 118 of the Code.

5 Form No CXVIII E is also prescribed for recording the statements of the parties at the first hearing as to the documents to be produced by them under Section 133 of the Code.

6 Appellate and Controlling Courts are required to see that these forms are invariably used and that the provisions of Sections 117 and 118 of the Code are carefully observed by all subordinate Courts.

Procedure to be followed before framing of Issues

7 Attention is called to the instructions contained in paragraph 29 of Judicial Circular No I as to the framing of issues. Whether the points in dispute be questions of fact or of law, they should be clearly and definitely recorded in the form of a proposition to be decided by the Court. If the pleadings are recorded as required by law and explained above, the framing of correct and definite issues should not be a matter of difficulty. It is only when the presiding Judge fails to make clear to his own mind what the actual points to be decided are that he is unable to record them in an intelligible manner.

Examination of Accused Persons

No 1397 of 1878 —*Dated Ajmere the 7th December 1878*

From—THE SESSION JUDGE AND COMMISSIONER AJMERE MERWARA

To—ALL CRIMINAL COURTS IN AJMERE MERWARA

It has been observed that it is the almost universal practice in all Criminal Courts to take down examinations of accused persons in what passes for Urdu instead of in the language in which they are given

2 Comparing the provisions of the two parts of Chapter XXV of the Code of Criminal Procedure and especially Sections 334 and 335 with Section 346 it seems clear that the Code contemplates the statement of an accused person being, whenever practicable recorded in the language in which it is given and not in the language in ordinary use in the district in which the Court is held (as determined by the Local Government under Section 337), or in English, or in the vernacular language of the Sessions Judge or Magistrate when such language is not identical with the language in ordinary use.

3 The Court accordingly considers it expedient to issue the following instructions for the guidance of the Criminal Courts subordinate to its authority —

- (a) Statements of accused persons recorded under Sections 346 and 122 of the Criminal Procedure Code must whenever practicable, be recorded in the language in which they are made
- (b) —When such language is not the language in ordinary use in the district in which the Court is held as determined by the Local Government under Section 337, Criminal Procedure Code or the language prescribed by an order under Section 335, Criminal Procedure Code the record of the statement must in all appealable cases be translated into the language of the district or into English where the Sessions Judge or Magistrate ordinarily writes his proceedings in English and such translations must be authenticated by the signature of the translator and also of the Judge and or Magistrate before whom the statement is made

Infliction of Punishment of Whipping by Criminal Courts

From—THE FIRST ASSISTANT TO THE CHIEF COMMISSIONER, AJMERE-MERWARA

To—THE COMMISSIONER AND SESSIONS JUDGE, AJMERE-MERWARA

No 669 —*Dated the 25th August 1882*

In reply to your letter No 482-J, dated the 5th August 1882, I am directed to convey the sanction of the Officiating Chief Commissioner to the extension to the Ajmere-Merwara district of Punjab Chief Court Book-Circular No VIII-1660, dated 25th May 1882, on the subject of the infliction of the punishment of whipping by Criminal Courts

The Punjab Chief Court Book Circular No VIII-1660 —Dated 25th May 1882

In communicating to the Criminal Courts of the Province the accompanying Resolution of the Government of India on the subject of the infliction of the punishment of whipping by Criminal Courts, the Judges, by the desire of the Local Government, invite special attention to the following points —

- (1) That persons in a respectable position of life should not ordinarily be whipped
- (2) That the punishment should only be inflicted in cases of false evidence, extortion, and forgery under very exceptional circumstances
- (3) That whipping, as an additional punishment should only be ordered when a further deterrent appears to be really called for in the interests of justice
- (4) That special care and judgment should be exercised in times of agricultural scarcity and distress.

2 It will be observed that the amendments proposed in paragraph 2 of the Resolution have since been enacted in Sections 32, 390, 392, and 393 of the new Code of Criminal Procedure which will come into force on the 1st January 1883

Not later than the 1st October next, Deputy Commissioners should submit, through Commissioners of Divisions, the names of the Magistrates of the second class who, they consider, should be specially empowered under Section 32 to pass sentences of whipping. It seems desirable that Tahsildars in charge of outlying tahsils should be given the power, provided that the discretion of the officer can be relied on

[Procedure—Criminal.]

Preparation of Descriptive Rolls of Prisoners

With reference to Section 390, it should be noted that from the 1st January next it will be necessary, when a sentence of whipping is passed, for the Court to specify the time and place of execution, and in this connection it must be remembered that the punishment is never to be inflicted in public, or in front of the Court House, but in some walled enclosure (paragraph 3 of Judicial Circular LII)

The provisions of Section 392 which give effect to the third amendment proposed by the Government of India, are in keeping with paragraphs 1 and 2 of Judicial Circular LII

Clause (c) of Section 393 imposes a new restriction, which should be specially noted

CIRCULAR MEMO.

No 142-J—Dated 25th March 1886

To—ALL CRIMINAL COURTS IN THE AJMERE MERWARA DISTRICT, DISTRICT SUPERINTENDENT OF POLICE, AND SUPERINTENDENT OF JAIL AJMERE

According to the existing practice in this District the Descriptive Roll of each person sent up by the Police is embodied in the charge sheet, but as it is always incomplete and its entries are admittedly made in a perfunctory manner it can hardly be relied upon as a safe guide for the future recognition of the prisoner by the Police, who have therefore to depend on the description given of him in the Jail Register

With a view to ensuring the proper recognition of re-convicted prisoners the following instructions are issued —

1 In future the Police should take special care with the preparation of the Descriptive Rolls of prisoners To ensure a complete description being given the particulars specified below should be given on the back of the charge sheet, and it shall be the duty of the Police Officer concerned to see that they are correctly entered

No 156 G of 1887 —*Dated Ajmere the 10th February 1887*

To—ALI CIVIL AND CRIMINAL COURTS IN AJMERE MERWARA

It has been brought to my notice that in many instances sufficient time is not allowed for service of summonses forwarded for service in Native States The attention of the Subordinate Courts is therefore invited to the necessity of allowing ample time in all such cases As a rule it would be well for Courts issuing such summonses to allow a period of six weeks or two months for their service

In respect to cases shown in the monthly statements as pending for more than two months it would be well for the Court concerned to note either on the statement or in a memo attached that the delay in a certain number of such cases (the number to be specified) is due to summonses served on persons resident in Native States not having been returned in time

RESOLUTION

In the Resolution dated the 25th February 1883 cited in the preamble the following questions were discussed namely—

- (1) The measures which should be taken to provide for the recognition of re convicted prisoners in view to their being adequately dealt with not only by the Courts but also by the jail authorities after admission into jail,
- (2) The definition of the term habitual criminal for purposes of Jail discipline and
- (3) Whether the duty of determining the classification and treatment in jail of a convict as an habitual should be placed entirely upon the Magistracy, or partly upon the Magistracy and partly upon the police and jail authorities, and whether it would not be possible to lay down more definite rules of procedure in this matter than at present exist

2 In regard to the first of these points the Government of India suggested—

- (a) That a descriptive roll of every prisoner arrested by the police should as suggested by the Jail conference of 1877 be prepared at the station house and be sent up with the prisoner to the Magistrate and that such descriptive roll in the event of the final conviction of the prisoner by the Magistrate should be copied in a register to be kept up in the jail for this purpose,
- (b) That the police in sending up an accused person to the Magistrate should embody in the charge sheet as complete a record as possible of all his previous convictions,
- (c) That the jail authorities should not content themselves with the information obtained from the Magistrate or from the police as to the former convictions recorded against a convict but should endeavour to ascertain from the subordinate jail officers warders and long term convicts as well as from the jail records if the prisoner has been previously convicted at all

Recognition and Classification of Habitual Criminals

- (d) That the police should be given frequent opportunities of inspecting convicts after admission into jail both by a weekly parade as suggested by the Jail conference and by such other means as might be found desirable

The Government of India requested that where the rules in force did not already accord with the above suggestions they should be made to do so, and that the question whether other measures should not be adopted as auxiliaries thereto should be carefully considered by Local Governments and Administrations

3 From the reports now received it appears that the suggestions made in the Resolution of the 25th February 1885 have generally met with approval and that the rules already in force in several provinces though they have not always been thoroughly carried into practice correspond more or less closely with those suggestions. The Governor General in Council is however of opinion that the rules might be made even more uniform than they are now, and he desires that the following additional measures for identifying re convicted prisoners be generally adopted with this object namely —

- (1) That a list of re convicted prisoners who are to be released every month be despatched from the jail to the Magistrate and the District Superintendent of Police. This may be done by sending to these officers on the 20th of each month an extract from the jail register showing all re convicted prisoners with their places of residence who are to be released in the succeeding month. The rule contained in clause 471 of the Jail Manual for Bengal that this list should be sent forthrightly may be retained in that Province
- (2) That the jail authorities should examine undertrial prisoners detained in the jail or the Magistrate's lock up in order to ascertain whether they have been previously convicted. Whenever a previous conviction is discovered in this way an intimation to this effect should be sent to the police before the trial of the prisoner. In Magistrate's lock ups which are separate from the jail it may not be always possible to carry out this rule but the cases should be few. In subdivisions and lock ups the plan will not be practicable

Recognition and Classification of Habitual Criminals

- (3) That when a re convicted prisoner is transferred from one jail to another, an extract from the relevant entries in the register of the jail from which the transfer is made should be sent to the jail to which the prisoner is transferred, and
- (4) That when subsequent to conviction the jail authorities discover that a prisoner has been previously convicted the fact should be communicated to the Magistrate and the District Superintendent of Police

4 It is understood that at all police stations lists of released prisoners are maintained and that when a released convict whose name is entered on such list passes out of sight his descriptive roll is published in the local *Police Gazette*. It has been suggested that slips stating the descriptive roll should be circulated to every police office and jail when such a released convict disappears. It does not seem necessary to do more than supply the jails regularly with copies of the *Police Gazette* if this is not done already, and it will be for District Superintendents who receive the *Police Gazette* to circulate slips to police officers if this is considered necessary.

5 The next subject discussed in the Resolution of the 25th February 1885 was the possibility of framing some authoritative definition of the term 'habitual criminal'. After carefully considering the suggestions made by Local Governments and Administrations the Governor General in Council is of opinion that the following definition may be accepted—

'For the purposes of jail discipline the words 'habitual criminal' shall mean a prisoner so classed—

(1) By the Court of Magistrate that heard the case—

(a) Because he has been convicted of an offence punishable under Chapter VII or XVII of the Indian Penal Code with three year's imprisonment or upwards and has been previously punished on conviction for an offence under either of these chapters and similarly punishable, or

(b) Because from the circumstances of the case the Sessions Judge or Magistrate believes the prisoner to depend on crime as a means of livelihood or to have attained such an eminence in crime as to warrant his being classed with habitual or class B criminals

[Procedure—Criminal.]

Recognition and Classification of Habitual Criminals

- (2) By the District Magistrate or any Magistrate empowered by him on this behalf the classification being made in accordance with the principles suggested for the guidance of the Courts in clauses 1 (a) and (b) of this definition
- (3) Subject to the control of the Magistrate by the officer in charge of the jail when the prisoner is—
 - (a) Sentenced or believed to be liable to punishment under Section 75 of the Indian Penal Code
 - (b) Under sentence and used by reason of more than one previous conviction or
 - (c) Known to have been repeatedly imprisoned for similar offences or
 - (d) A member of criminal tribe

Provided that—

- (1) Any such Court or Magistrate as is mentioned above may direct that a prisoner shall not be classed as an habitual criminal and
- (2) When there is room for doubt whether a prisoner should be so classed or not the officer in charge of the jail shall refer the case for the orders of any such Court or Magistrate

Explanation—The classification when made by the convicting Courts shall be final. If the Courts omit to classify a prisoner as an habitual the District Magistrate or any Magistrate empowered by him may do so. In case of omission on the part of the Court and of the Magistrate the officer in charge of the jail may make the classification subject to the general control and supervision of the District Magistrate.

6 The third and last question dealt with in the Resolution of the 25th February 1885 namely what authority should be made responsible for classifying prisoners as habitual criminals is disposed of by the 'explanation' in the preceding paragraph.

ORDER—Ordered that this Resolution be communicated to the several Local Governments and Administrations for information and guidance.

Juvenile Offenders

No 1337 J—*Dated the 18th April 1893*

The attention of all the Courts in Ajmere Merwara is invited to the undermentioned circular issued by the Judicial Commissioner Ajmere Merwara, regarding the detention of juvenile offenders in the Ajmere jail

CIRCULAR

It having recently come to the notice of the Judicial Commissioner that a first class Magistrate sentenced a juvenile offender to 6 months imprisonment and subsequently converted that sentence into one of 2 years detention in the juvenile ward of the Ajmere jail all Subordinate Courts are hereby informed that such an alteration of punishment is illegal, as amounting to an enhancement of the original sentence

They are further reminded that the Reformatory Schools Act (No V of 1876) is not in force in Ajmere Merwara. But although for this reason the provisions of that Act cannot be utilized any Court sentencing a juvenile offender (as such) may in awarding sentence well bear in mind that there is a ward in the Ajmere jail specially provided for juvenile offenders and conducted under the Rules sanctioned by Government of India in Foreign Department letter No 5214 I, dated 17th December 1887

2 This ward however, though differing considerably from the jail proper in respect to its discipline can hardly be considered as fulfilling in more than a partial degree the purposes of a Reformatory School pure and simple, and therefore Courts should not in passing sentence on juvenile offenders be guided by the idea that they will be sent to a Reformatory School and therefore that the sentence should not be less than two years. Short sentences in the juvenile ward should not be discouraged when the offence is trivial and the offender not an habitual thief

CIRCULAR

Under the provisions of Act VII of 1894 juvenile offenders sentenced to detention for terms of two years and upwards can now be transferred from the Ajmere Juvenile Ward to the Reformatory School at Bareilly or elsewhere

[Procedure—Criminal.]

Juvenile Offenders

The attention of all the Courts in Ajmere-Merwara is again directed to the Circular* issued by the Judicial Commissioner on the 20th March 1893, in connection with this subject, with the remark that, except for trivial offences, such sentences should be awarded to juvenile offenders as will allow of their being placed under the useful training and discipline afforded by the regularly constituted Reformatory Schools in the North of India.

To—THE ASSISTANT COMMISSIONER, $\frac{\text{AJMERE}}{\text{MERWARA}}$
SIR,

I have the honor to request that the Officers presiding over all the Courts within your jurisdiction may be desired to observe the Rules below regarding the Classification of Habitual Criminals —

- (1) Whenever a person is sentenced to imprisonment for an offence the Magistrate who passes the sentence shall determine whether the prisoner is to be classed as an habitual criminal or otherwise, and shall endorse the word 'habitual' or 'non habitual' as the case may be, legibly on the warrant of Commitment and sign such endorsement.
- (2) If the prisoner has been previously convicted, a statement containing the particulars of the previous convictions should be attached to the warrant of Commitment.

CHIEF COURT OF THE PUNJAB

CIRCULAR MEMO

No. 14 2549 G—*Dated Lahore the 1st June 1894*

To—ALL SESSIONS JUDGES DISTRICT MAGISTRATES CANTONMENT
MAGISTRATES AND OFFICERS EXERCISING MAGISTERIAL POWERS IN MILITARY
STATIONS

Irregularities in procedure in the trial of offences by officers exercising magisterial powers in military stations

The Judges have observed that officers exercising magisterial powers in military stations do not always follow the provisions of the Code of Criminal Procedure in dealing with cases coming before them in a judicial capacity. Even in the larger cantonments to which a trained Cantonment Magistrate is usually attached it has been found that breaches of cantonment rules and offences under section 34 of the Police Act and similar cases are not always dealt with according to law, while in smaller military stations where an untrained military officer is usually invested with the powers of a Magistrate of the third class it frequently happens that no proper record of evidence and of the proceedings is maintained and that very generally all that is done is to enter the name of the person tried the offence committed and the nature of the punishment awarded in a book kept for the purpose but not authorized by law. Several instances have come to notice in which Cantonment Magistrates exercising summary powers have failed to comply with the requirements of the Code as to the manner in which summary trials shall be conducted.

Ordnary rules of procedure must be observed

2 In cases in which an untrained and inexperienced officer is invested with magisterial powers for the purpose of dealing with petty breaches of sanitary and other similar rules the same knowledge of the law cannot perhaps be expected as may well be required from officers permanently holding the office of Cantonment Magistrate after undergoing the usual examinations in law and procedure, but the Judges must insist on the ordinary rules of procedure being observed by all officers exercising criminal jurisdiction under their superintendence and control and look to Sessions Judges and District Magistrates to exercise proper supervision over the way in which such officers discharge their magisterial duties and to afford guidance to them.

who need it. The general rules governing the trial of criminal cases are not difficult to master and any officer who undertakes magisterial duties must make himself acquainted with them.

3 A wide distinction must be made between the administrative and judicial functions of military officers invested with authority under the law applicable to military stations. Fines imposed on the members of sanitary and other establishments for neglect of duty, &c. are so imposed under administrative authority and with such matters the Chief Court has no concern. But when any person is charged with an offence against the criminal law (whether such offence falls under the Indian Penal Code the Cantonments Act and Rules made thereunder the Police Act or any other local or special law or rule made thereunder in force in a military station) he is entitled to be tried before a competent court in accordance with the procedure prescribed for conducting criminal trials.

Distinct on to be drawn between administrative and judicial functions

4 Criminal proceedings may be initiated in one of three ways described in section 191* of the Code of Criminal Procedure *viz* (a) on complaint (b) on a police report or (c) on information received from any person other than a Police Officer or in the Magistrate's own knowledge or suspicion. By Punjab Government Notification No. 99 dated the 3rd February 1883 all Magistrates are empowered to take cognizance of offences under clause (a) or clause (b) and all Magistrates of the first or second class may take cognizance of offences under clause (c).

Initiation of criminal proceedings

5 The first step in initiating proceedings upon complaint is to examine the complainant (section 200 of the Code) on oath or affirmation and to reduce the substance of the examination to writing. The Magistrate should consult the second schedule of the Code to satisfy himself as to his power to take cognizance of the offence. If the complaint has been made in writing and the Magistrate is not competent to take cognizance of the case he will proceed as directed in section 201.

Examination of complainant

6 Section 202 empowers Magistrates of the first and second class to make or cause to be made further inquiry before issuing process. Directions on this subject are given in Judicial Circular No. L (3rd edition of Judicial Circulars).

Inquiry under section 202 of Criminal Procedure Code

7 If the Magistrate considers that there is no sufficient ground for proceeding he may dismiss the complaint.

Dismissal of complaint

Procedure—Criminal.]

Issue of process*

8 If he considers that there is sufficient ground for calling upon the accused to answer the complaint he will issue a summons or a warrant as laid down in section 204

Procedure in inquiry into cases triable by Court of Session or High Court

9 When the accused appears or is brought before the Magistrate the latter must first consider whether he has power to try the case himself or whether the case is triable only by the Court of Session or High Court. In the latter event he must proceed (provided he is competent to commit for trial) in the manner described in Chapter XVIII of the Code

Three modes of procedure in cases triable by Magistrates

10 If the case is triable by the Magistrate himself he must proceed in one of the following ways—

- (a) In the manner prescribed in Chapter XX of the Code if the case is a summons case as defined in section 4 (i)
- (b) In the manner prescribed in Chapter XXI if the case is a warrant case
- (c) In the manner prescribed in Chapter XXII if the case is one which may be tried summarily and the Magistrate is empowered to try offences summarily. In this connection it may be observed that under section 530 of the Code, if any Magistrate, not being empowered by law in this behalf, tries an offender summarily, his proceedings are void

Procedure in summary trials

11 It is important to notice that for summary trials two modes of procedure are prescribed: one to be followed in cases where there is no appeal (section 263) and the other to be followed in appealable cases (section 264). In appealable cases a final judgment must be recorded, in non appealable cases the particulars required by section 213 must be recorded in a special register of summary trials and even in the latter class of cases the Magistrate should record "the brief statement of the reasons" for conviction (clause b) in such a manner that this court on revision may be able to judge whether there are sufficient materials to support the conviction. The register above mentioned must be used only for trials conducted under Chapter XXII of the Code.

[Procedure—Criminal]

12 Directions as to the mode of recording evidence are contained in ^{Mole of re} Chapter XXV. In summons cases only a memorandum of the substance of ^{corling} the evidence has to be recorded (section 355). In other cases the whole of ^{ence} the evidence must be taken down by the Magistrate or in his presence and hearing. The examination of the accused is to be recorded as directed in section 364.

13 The law relating to bail is contained in Chapter XXIX of the ^{Bail} Code.

14 A list of the registers to be maintained is given in Part II of Judicial Circular No. XLV. The forms of the Registers will be found in Appendix No. I of the Judicial Circulars.

15 With regard to the recovery and disposal of fines imposed under ^{Fines} magisterial authority the provisions of Judicial Circular No. LXI must be observed. Such fines must invariably be paid into the public accounts such portions of them as may under the orders of Government be payable into the Cantonment Fund being subsequently drawn from the treasury by the Cantonment Committee in the usual manner. The Magistrate's duty ends with placing the fine in the treasury any subsequent action being taken by the Cantonment authorities. Thus a Cantonment Magistrate must not confuse duties as a Magistrate with functions which he may exercise in connection with the Cantonment Committee or Cantonment authority under the Cantonments Act.

16 As regards establishments it is in the power of the District Magistrate to apply in the usual manner for such establishment as may be necessary ^{Establishments} for every officer who exercises magisterial powers in his district. If the Cantonment Committee or Cantonment authority do not provide a proper establishment the matter should be referred for the orders of Government.

AJMER BAFWAR NASIRABAD

Dated 11th October 1883

It appears from inquiry that the rules for the destruction of Records published in the Ajmere Regulation Book have not been duly observed Your attention to this omission is directed and you are requested to represent what measures are now required to dispose of useless papers which have accumulated from not having been destroyed according to the Rules laid down

2 For the future to assist all offices in separating papers to be destroyed from those which are to be preserved with reference to para 8 of Rule IX page 1215 Ajmere Regulation Book and para 3 Rule XIV and with reference to all English correspondence which is not Judicial the following rule is prescribed —

RULE Each office shall keep a rubber stamp on which the letter D shall be inscribed in large characters

Before a letter is submitted for orders to the head of the office it shall be stamped D in red ink if its destruction is permissible under the Rule or in the case of non Judicial records if it does not appear necessary to preserve it for more than three years The head of the Office will thus have an opportunity of seeing if it has been rightly stamped D and all records so marked can easily be separated from files by any subordinate clerk when the time for destroying them arrives

They must however be destroyed in the presence of a responsible Officer who need only see that they are marked D without examining their contents and Rule XVII which enjoins a note being made of every record must not be overlooked When the record to be destroyed has been entered in any register the note of its destruction should be made against such entry

3 The object of this Rule is to insure the exercise of proper discretion in the destruction of documents and to admit of such destruction being carried out by inferior clerks with the minimum expenditure of time and trouble

4 The Rule is not intended to supersede or interfere with any of the Rules in the Regulation Book

18. An annual list of schemes for administrative sanction should therefore be submitted between the 1st January and 1st of May of each year. The projects should be arranged in the list in the order of their importance, and the list should be accompanied by papers explaining the necessity for each work and giving a rough plan and estimate of cost for each work.

19. Such proposals as are approved by the Local Administration will be duly communicated to the Commissioner through the Secretary in the Public Works Department and at the same time the necessary instruction for the preparation of the detailed Plans and Estimates will be issued.

20. Should, however, any proposals for Administrative sanction be justified by *really urgent necessity* the Local Administration will receive and consider them at a time other than that prescribed above.

21. Proposals for Irrigation new projects or extensions or alterations to existing Works requiring Administrative sanction under these rules should in addition always be accompanied by a report by the Revenue Officer concerned of the estimated Direct and Indirect revenue to be expected.

(a) Works costing more than Rs. 5000 which require the sanction of the Local Administration in the Public Works Department.

(b) Works costing up to Rs. 5000 which with the advice of the Superintending Engineer the Commissioner may dispose of finally.

(ii)—Minor Works or those which cost Rs. 500 and not more than Rs. 2500 which the Commissioner advised by the Divisional Engineer may dispose of finally.

(iii)—Petty works which cost less than Rs 500, which the Commissioner may himself dispose of

23 Plans and Estimates under Chapter III, Section I, Para 19 for works under class I (a) shall be submitted to the Local Administration in the Public Works Department for sanction on receipt of which the project will be registered for inclusion in the next year's budget. Should, however, there be circumstances making it advisable that the work should be executed at once, these should be stated in sending up the project and application made for the necessary appropriation of funds under a separate letter.

24 Plans and Estimates under Chapter III, Section I, Para 19 for Works under class I (b) will be sanctioned by the Commissioner himself and be similarly registered for inclusion in the next year's budget, unless there be any work which circumstances make it desirable to put in hand at once when the sanctioned project should be sent to the Local Administration in the Public Works Department for the requisite appropriation of funds.

25 Plans and Estimates for Works under class II will be sanctioned by the Commissioner, and be registered for inclusion in the ensuing year's budget, or if there are circumstances which make it desirable to carry out the work at once he should explain them in an application to the Local Administration in the Public Works Department for an appropriation of the requisite funds.

26 The powers delegated to the Commissioner under class III do not extend to Imperial Works such as Military, Postal and Telegraph, to these as well as to "Tools and Plant," provided for in the Imperial budget the Public Works Code Rules will apply.

NOTE.—For works under classes I and II Administrative sanction must first be obtained.

31 Sanctioned estimates for periodical repairs of all kinds only hold good until the 31st March following or in special cases until the 15th June

32 The Divisional Engineer should see that Periodical Repair Estimates embrace as much of the repairs required in each year as is possible, so as to reduce the number of separate estimates and requisitions.

33 The Commissioner should satisfy himself that the Divisional Engineer or his subordinates inspect each building and road periodically, in view to the Budget provision being made to bear due relation to real requirements and ensure all buildings being fairly maintained.
